By RELMAN MORIN

TUSCALOOSA, Ala. (AP) — Two Negroes — a girl and boy — went to their first classes at the University of Alabama today and white students extended friendly hands in an atmosphere of tranquility.

Three girls walked with Vivian Malone as she went from her dormitory to a classroom building. They chatted as they strolled.

And a white youth called James A. Hood "Jimmy" in advising him that he had taken the wrong turn along the tree-lined campus at one point.

Across from Comer Hall, where Miss M. one went to study business administration, a National Guardsman in green fatigues stood. Nearby were three federal marshals.

## Royal Couple's Proposed Visit To Britain Arouses Greece; Premier Resigns

By PHILIP DOPOULOS

ATHENS, Greece (AP) — A government crisis gripped Greece today as a result of King Paul's insistence that he and Queen Frederika make a scheduled state visit to Britain next month.

Premier Constantine Caramanlis resigned Tuesday because the king rejected his advice to postpone or call off the trip. Caramanlis feared a repetition of the leftist demonstrations which plagued the queen during a private visit to London in April.

The king now must decide whether to name a new government or to dissolve Parliament and call a national election within 45 days.

A new government could only come from Caramanlis' National Radical Union party, which has a 60-seat majority in Parliament. The party's high command advo-

Lt. Col. Corvan Bryan asked that those descendants wishing to place wreaths honoring ancestors at the service should contact him. More than a dozen already have made arrangements, he said.

# MACMILLAN'S CABINET HAS SPECIAL MEET

By TOM REEDY  
LONDON (AP)—Prime Minister Harold Macmillan held an emergency Cabinet meeting today and reportedly persuaded his shaken ministers to back his handling of the Profumo vice scandal.  
None of the ministers would speak publicly about the meeting and, in fact, none of them looked very happy about it.  
But the usually well-informed British Press Association said it was evident that the meeting "was a harmonious one and that there may well be a unanimity of view."  
These facts leaked out:  
—The Cabinet received the report of an inquiry into whether resigned War Minister John Profumo violated security in his relations with model Christine Keeler who was having an affair at the same time with Soviet navy captain, Eugene Ivanov.  
—Some DECISIONS  
—Decisions were reached on tactics to restore Conservative Party confidence, at its lowest ebb since the Suez crisis which brought down Sir Anthony Eden, then prime minister.  
—Strategy was planned for next Monday's parliamentary session when the Labor opposition is certain to attack the government on its handling of the entire scandal.  
Official sources said a report by the lord chancellor, Lord Dilhorne, cleared Profumo of suspicion. Dilhorne's report is expected to bolster Macmillan's position in the debate Monday on the scandal.  
Macmillan's days in office appear to be numbered. Few political observers believe he can hang on to his post much longer. Powerful elements of the Conservative party seem convinced he has outlived his usefulness as prime minister.

# U.S. APPROVES "BLUE ROUTE"

WASHINGTON (AP)—The U. S. Bureau of Public Roads approved today a route proposed by Pennsylvania for a Mid-County Expressway in Delaware and Montgomery counties.  
Known as the "Blue Route," the highway is to run from a point near Chester to Plymouth Meeting, Montgomery County, bypassing Philadelphia.  
The bureau announced that approval was granted provided certain conditions are followed to avoid affecting Swarthmore College grounds and adversely affecting Crum Creek Valley and its recreational possibilities.  
The controversial Blue Route first was approved by the state Highway Department on May 9, 1962, during the administration of former Gov. David L. Lawrence.  
Due to much public opposition to the proposed route, U. S. Highway Administrator Rex M. Whitton on Dec. 12, 1962 called a respite until Gov.-elect William W. Scranton had a chance to study the question.  
On May 7, the Scranton administration also chose the Blue Route but moved it 300 feet west of the Swarthmore campus and specified construction of an overpass there

# Gemini Program Replaces Mercury

Webb told the Senate Space Committee that the decision against another Mercury flight was reached this morning at a conference with Associate Director Robert Seamans Jr. and Deputy Administrator Hugh Dryden.

WASHINGTON (AP)—President Kennedy's call for civil rights legislation swiftly received the backing of congressional leaders of both parties but they expect its progress to be slow and turbulent. "I will devote my very best efforts" to seeking an effective program, said Senate Republican Leader Everett M. Dirksen of Illinois after Kennedy's address to the nation Tuesday night.

Dirksen said he recognized "that Congress has a responsibility in this field and there should be some action in this session." FORESEES DELAY  
Sen. Hubert H. Humphrey of Minnesota, assistant Senate Democratic leader, made it clear he does not expect any final action until late summer on any of the civil rights proposals the President promised to send to Congress next week.  
Humphrey had told a news conference Tuesday that administration leaders will press for action on other segments of his program—some form of aid to education, the long-delayed tax reduction bill, a youth employment measure and other legislation.  
The civil rights program, Kennedy said in his address to the nation Tuesday night, will include measures to bar discrimination in stores, hotels, restaurants and theaters; allow the federal government to take a more active role in public school desegregation suits, and afford greater protection for Negroes' right to vote.

# CIVIL RIGHTS FIGHT TO FACE STORMY ROAD

WASHINGTON (AP)—President Kennedy's call for civil rights legislation swiftly received the backing of congressional leaders of both parties but they expect its progress to be slow and turbulent. SOUTHERN FILIBUSTER  
Forecasting a Southern filibuster in the Senate against civil rights measures, Humphrey said the administration will have to get along as best it can without additional legal authority in its attempts to ward off racial violence.

"This is going to be a warm summer," he commented.  
Sen. Allen J. Ellender, D-La., said "The threat I just heard tonight that the Negroes will lie in the streets if there is a filibuster—which there will be—will mean a lot of bloodshed. I'm sorry this is in store—more violence, bloodshed without question."

# Blast Topples Wall On Eight Firemen

ST. MARYS, Pa. (AP)—A violent explosion during a fire ripped apart an industrial building in St. Marys early today, hurling a brick wall on top of eight firemen.  
They were taken to Andrew Kaul Memorial Hospital; two in fair condition, six in good condition.

The blast blew to pieces a two-story brick building housing an electrical and chemical laboratory at the Stockpile Carbon Co. plant. Debris was hurled over a wide area and blocked a fire truck. Windows were shattered in some of the plant's eight other buildings. Damage was estimated by fireman at \$125,000.

Firemen were fighting a fire of undetermined origin in the building when the blast occurred. Fire officials said the blast apparently was triggered by chemicals.  
Stockpile Carbon is the biggest plant in this Elk County community.

HARRISBURG (AP)—The House Education Committee Tuesday endorsed a plan for raising salaries at state owned colleges.

The plan also would put the faculty at the 14 colleges on a four-week year salaries would be on a biweekly basis.  
Under present law, the colleges' faculties are paid on a calendar year basis.  
The bill also would eliminate the requirement that a teacher have two years' experience in the public school system to be eligible to join a state college faculty.

The committee proposed minimum starting salaries of \$5,680 for instructors, \$6,580 for assistants, \$7,610 for associates and \$9,260 for full professors compared with present minimums of \$4,500, \$5,000, \$5,500 and \$6,000 respectively.  
It further provided six annual increases, ranging from \$14 to \$30 biweekly.  
The bill originally proposes starting minimums of \$5,400, \$6,300, \$6,800 and \$7,300.

## Parked Car Drifts Into Crash Monday

A parked car on Carlisle St. drifted northward across the street about 9:45 p.m. Monday and its rear struck a parked station wagon on the east side of the street causing about \$20 damage to the station wagon which was owned by Charles Shiner, Gettysburg R. 5.

The car that had been parked on the west side of the street was owned by the Rev. William S. Corbish, Glen Burnie, Md. Its rear was considerably damaged. Borough police directed one-way traffic around the Corbish machine which came to rest angling into the eastern traffic lane.

## Out Of The Past

From the Files of the  
Star and Sentinel and  
The Gettysburg Times  
TWENTY-FIVE YEARS AGO

**Bosserman—Brindle:** Miss Helen Shively Brindle, daughter of Mr. and Mrs. George R. Brindle, Chambersburg, Pa., became the bride of Donald A. Bosserman, son of Mr. and Mrs. Clayton A. Bosserman, Arendtsville, in a ceremony performed Saturday afternoon at 4:30 o'clock on the lawn at the home of the bride's parents before an altar covered with mountain laurel in the presence of about 100 guests. The Rev. Elwood G. Johnson, pastor of St. Paul's Lutheran Church, Fayetteville, performed the ceremony. The bride's gown was of white satin cut on princess lines with a short train and finger tip tulle veil. Her shower bouquet was of pale pink roses, white sweet peas and lilies of the valley. She wore a gold chain necklace which had belonged to her grandmother and was worn by the bride's mother at her wedding. Mrs. John Yerger, Philadelphia, served as matron of honor and Lewis M. Bosserman, brother of the bridegroom, was the best man. Miss Nancy Krieb, Mercersburg, was flower girl and the ring bearer was Daniel Walter, Biglerville. The ushers were George R. Brindle, Jr., the bride's brother, and Ray McDannell, Lancaster. Miss Ruth B. Evans, Pottstown, accompanied on the piano by Mrs. George H. Berkheimer, gave a 15-minute recital before the ceremony. A reception on the lawn followed the wedding, after which the couple left on a wedding trip. They will reside in the Winebrenner Apartments, Chambersburg St. The bride has been teaching in the Arendtsville schools for the last three years and the groom is the manager of the Gettysburg Western Union office.

**Eckert—Neely:** At 4:30 o'clock Saturday afternoon Miss Mary Alice Neely, eldest daughter of Mr. and Mrs. Donald H. Neely, near Fairfield, and Mark Anthony Eckert, son of Mr. and Mrs. Mark K. Eckert, Springs Ave., were united in marriage in a wedding ceremony performed in Lower Marsh Creek Presbyterian Church. The Rev. D. W. Woods, pastor, performed the single ring ceremony before a gathering of about 250 relatives and friends of the couple. The bride, who was given in marriage by her father, was attired in a white satin dress with a Queen Anne collar trimmed with lace from the wedding gown of the bridegroom's mother. A tulle veil was caught in a pleated halo with inserts of sea pearls. She carried a bouquet of calla lilies, the stems of which were wrapped in satin. Her only jewelry was a diamond sunburst necklace, a gift of the bride from the bridegroom's mother. Miss Helen Neely, sister of the bride, was the maid of honor and the bridesmaids were Misses Sarah Neely, Fairfield, and Mary Elizabeth McIlhenny, both cousins of the bride, and Rita Brennan and Helen Helfrich, Shamokin. Henry M. Hartman Jr. served as best man and the ushers were Dundan Campbell and Thomas Bell, Harrisburg, and Stanley Hull and Richard Eckert, brother of the groom. The flower girl was Donna Barkley. A reception followed at the Green Parrot tea room, Emmitsburg, after which the newlyweds left on a honeymoon trip to a cottage in Vermont. Upon their return they will reside in an apartment in the Eckert building, Center Square. Mr. Eckert is engaged in business in Gettysburg. Mrs. Eckert is employed in the Pennsylvania state highway department at Harrisburg.

## Today's Talk

## THAT BOY

That boy — who is he? Well, he is the one who soon will take the place of some man. If he is your boy, he may take your place. At any rate, he is going to be a factor in the world — at the head of his own business or somebody's already created or as a leader in politics or government, or as a builder, artist, writer, teacher, or any number of vocations that men hold in their own right.

That boy now takes many of his cues from you. He is watching the way you take your stand and the way you think and handle things. The next generation is to be his to manage. He will make treaties, serve in high office, and help run the affairs of the world. These facts make "that boy" a mighty important individual. No one knows what he may be thinking about, as he carries that bunch of strapless books to his classroom. The secrets in his heart he does not openly divulge, yet his importance must not be overlooked. He is your future newspaper publisher, lawyer, doctor, inventor, astronaut. Who knows where that boy now is who is to be the Future President of the United States? One may be sitting at your table this very day!

It makes one feel important to advise or help a boy on his voyage toward the top. To neglect him, to let him "just grow up," like Topey is to cheat the unborn in advance, without their knowledge or consent.

No boy should be allowed to be idle. Every effort should be used to stimulate his mind toward clean and clear thinking. Let him have his play, his games and his companions but teach him the importance of selecting those with whom he comes in contact, who have something to give to him, not merely to associate with those who watch their chance to take something away from him. A boy whose life has been stimulated by scores of interests is the one about whom you don't have to worry. He will take care of himself. Especially if he has learned the meaning of courage, and learned to shoulder responsibility gladly.

## Just Folks

IN SPIRIT OF THE CYNIC  
The scoffers for years have been at it,

And the cynics for ages have sneered,

The clever and smart have all thought it was "art"

To belittle what others revered;

But still this old world goes on plodding along

With the old-fashioned virtues still sturdy and strong.

They've been at it for ages and ages

With philosophies vicious and base,

But the stuff that they teach, and the stuff that they preach

Doesn't comfort or hearten the race.

And the old world continues to jog right along

With its old-fashioned notions of right and of wrong.

Had there been any truth in their wisdom,

Had their jibes been as honest as smart,

Every virtue we've kept they'd have long ago swept

From the land and the home and the heart.

But the old world continues to plod right along

With its old-fashioned faith and its old-fashioned song.

In spite of the wit of the scuffer

The many rejoice in their lives,

You will find everywhere, women noble and fair,

And men who are true to their wives;

And the old world continues to march right along

Though the cynic insists that its ways are all wrong.

Lott and Mrs. Lott, near Gettysburg, in a ceremony at 4 o'clock in the Gettysburg Presbyterian Church by the Rev. D. W. Woods, pastor of the Lower Marsh Creek Presbyterian Church. SNEAD FIRES  
140 TO LEAD  
FIELD OF 150

By DON WEISS

Associated Press Sports Writer  
Sam Snead competing with 114 golfers in the toughest sectional qualifying competition of them all at Purchase N.Y., Tuesday fired rounds of 69 and 71 for a 140 total that easily put him among the 150-man line-up for the Open at The Country Club in Brookline, June 20-22.

It'll be Snead's 23rd attempt for the Open title.  
The last 99 places for Brookline were determined at seven locations Tuesday, with 45 berths awarded at Purchase, 20 at Detroit, 10 at Pittsburgh, 7 each at Atlanta and Winchester, Mass., 6 at Bakersfield, Calif., and 4 at Fort Worth. The first 30 were settled Monday at six other spots.

**2. ARE EXEMPT**  
The 129 survivors will join 21 exempt players, headed by defending champion Jack Nicklaus, in next week's battling for the 63rd Open championship.

Among the chief players missing will be Jerry Barber, the 1961 PGA champion, Lew Worsham, winner of the Open in 1947 in a playoff with Snead; former PGA winners Jim Turnesa, Jim Ferrier and Denny Shute; and such regulars on the PGA tour as Ken Venturi, Don Whit, Bill Collins, Rex Baxter and Jerry Steelsmith.

Barber's 36-hole total of 151 shut him out at Detroit, where veteran Gardner Dickinson led the field — as well as the nation — with rounds of 68-67-135.

Venturi, Whit, Steelsmith, Baxter, Collins, Turnesa and Ferrier were casualties in the New York eliminations won by Bob Schoenberger Jr., with a 139 total.

For the two days of firing, Dow Finsterwald of Tequesta, Fla., was the low scorer with 69-64-133 in Monday's eliminations at Cincinnati.

She carried a shower bouquet of lilies of the valley and gardenias. Miss Elizabeth Benson, younger sister of the bride and the bridesmaid were Miss Mary Jane Lott, sister of the groom and Miss Ruth Frost, Shenandoah, Pa. Master William Van Cleve Lott, Gardeners, R. D., a nephew of the bridegroom, and little Miss Mary Frances Elliott Brooklyn, N. Y., a cousin of the groom, served as ring bearer and flower girl, respectively. The best man was Robert C. Lott, brother of the groom, and the ushers were William M. Lott, brother of the groom, and Donald D. Benson, Springfield, Mass., a brother of the bride, and Hugh C. and James H. McIlhenny, cousins of the groom. After a reception at the home of the bride's parents the couple left on a wedding trip. They will reside near Gettysburg upon their return. The bride for the last two years has been an instructor in home economics in the Dilisburg schools. Mr. Lott is engaged in farming and fruitgrowing in Straban Township.

**Motorists Not To Be Directed Away:** All available parking space in and around Gettysburg will be used during the 75th anniversary, declared Lieut. J. D. Kime, Harrisburg, while he was in the borough making plans for the handling of the anniversary crowds from June 29 to July 6 by the Pennsylvania motor police. Lieut. Kime, a son of Mr. and Mrs. Martin H. Kime, W. Middle St., in announcing that parking fields and garages in this community would be utilized during the celebration, contradicted reports that visitors would be directed away from the borough. A force of 200 motor policemen will be stationed in a fifty-mile radius of Gettysburg to direct the heavy traffic. Another group of 385 officers will be stationed in Gettysburg and vicinity for duty.

**Harold Smallwood, who recently received an injured left eye while working on his car enroute to Pittsburgh when a screwdriver punctured the eye, has returned to his home in Biglerville after spending three days at the Harrisburg City Hospital.**

GIANTS BEAT  
DODGERS 3-0  
ON HOME RUN

By MIKE RATHET

Willie McCovey Tuesday night nipped Don Drysdale for a three-run homer that gave the San Francisco Giants a 3-0 victory over Los Angeles behind Juan Marichal's strong pitching and dropped the Dodgers out of the National League lead.

McCovey now has tagged Drysdale for 8 homers, 4 doubles, 1 triple and a covey of singles since he joined the Giants in 1959. The slugging outfielder is 21-for-46, a .457 average over-all against Drysdale, last year's 25-game winner bogged down at 7-7 this season.

McCovey's homer provided more than enough margin for Marichal, who posted his first shutout of the season and brought his record to 9-3 with a seven-hitter that left the flip-flop Giants only .002 points behind the second-place Dodgers.

## CARDS WHIP BUCS

The St. Louis Cardinals, 3-1 victors over Pittsburgh on Bob Gibson's pitching and batting, are sitting on top of the standings, one game in front of the two West Coast rivals.

In other NL games, Houston belted Chicago's Cubs 6-2 on Bob Aspromonte's 10th inning grand slam homer. Cincinnati whipped the New York Mets 8-3 and Philadelphia outlasted Milwaukee 8-7 in 10 innings.

Gibson, 5-3, checked the Pirates on six hits and drove in the run that snapped a 1-1 tie with a single in the sixth, inning following Julian Javier's double. Bill White had given the Cards a 1-0 lead in the first with his 10th homer.

The Cubs tied the Colts 2-2 in the ninth on Dick Berte's triple and Don Landrum's single. Then, in the 10th winning reliever Hal Woodeshick singled and an error and a walk filled the bases before Aspromonte followed with his grand slam.

Vada Pinson collected a homer, double and single, leading a 12-hit Reds' attack that got the job done against the Mets. Jerry Harper also homered for Cincinnati.

The Braves scored in the top of the 10th when Mack Jones stole his fourth base of the game and came home on Roy McMillan's third run-scoring single. But the Phillies came up with two in their half on a triple by John Callison and singles by Don Demeter, Roy Sievers and Clay Dalrymple.

CHAMPION TO  
SUE RING UNIT

SAN JUAN, P.R. (AP)—Lightweight champion Carlos Ortiz who has become accustomed to collecting \$60,000 purses for his defenses, said today he is going to talk to his lawyers about the action of the World Boxing Association in stripping him of his crown.

The 26-year-old Puerto Rican-born New Yorker charged the WBA has no authorization to de-throne him.

"They are acting in a dictatorial way, as they always have," said Ortiz, holder of the lightweight championship for 14 months. "I have received several offers for title defenses at between \$60,000 and \$70,000 and all I have seen in the papers is something about some promoters offering \$30,000 for a fight against Kenny Lane. "It is ridiculous to expect me to fight him for 30 grand when I can get 60."

The WBA announced at Spokane its withdrawal of recognition from Ortiz Tuesday because of his failure to defend against Kenny Lane, a long-time No. 1 contender from Muskegon, Mich.

BRAVES SIGN  
BULLET STAR

Ted Koerner, a former Gettysburg College athlete, has been signed by the Milwaukee Braves of the National League. Koerner was signed by Charlie Eckman, well-known basketball official and Braves' scout.

Koerner, who received his degree from Gettysburg on June 2, was a two-sport man for the Braves, playing basketball and baseball. He lettered in both sports all three varsity seasons.

As a freshman, Koerner played third base for Gene Hummel's yearlings and a year later moved to the number one spot on Bob Hulton's varsity pitching staff. When Hummel took over the varsity reigns two seasons ago, he retained Koerner as his top pitcher. In 1962 Koerner posted a 6-2 record and led Gettysburg to its first Middle Atlantic Conference, university division championship. The crown sent the Braves into the NCAA District II playoffs where Koerner posted a stunning 7-2 win over highly-favored St. John's.

During the past year, Koerner registered a 5-3 mark. He led the team in strikeouts during the past two seasons. The Lahaska native also led the Braves' cagers in scoring during the 1962-63 campaign.

The former Bullet right-hander will report to the Braves' Class A Waycross, Ga., team in the Georgia-Florida League. Koerner is a 21-year-old, 6'1" 175-pounder.

In a free-scoring game at Arendtsville the Braves took a 13-9 verdict from the Cardinals.

R. Heller, Steve Guise and Sam Walmer each cracked two hits for the winners. Mike McGlaughlin and Joe Coradetti led the loser's attack.

TRIBE DOWNS  
ORIOLES 9-5;  
GET 5 HOMERS

By JIM HACKLEMAN

The Cleveland Indians made it five victories in a row Tuesday night with a home run crescendo that drowned out Baltimore's off-key Orioles, 9-5.

The Indians, next-to-last in the standings and 9 1/2 games behind just 10 days ago, now have won eight of their last 10 and climbed to seventh, five games off the pace.

Meanwhile, the drooping Orioles have dropped 10 of 12 and fallen from first to third. They're a game behind the Chicago White Sox, who were trimmed 8-6 by Minnesota, and eight percentage points behind the New York Yankees, who were idle.

## WIN IN 15TH

In other AL action, 15th-inning homers by Frank Malone and Dick Stuart and another superb relief job by Dick Radatz carried Boston over Detroit 7-3, and Kansas City beat Los Angeles 5-2.

Al Luplow, Fred Whitfield and Dick Whitfield socked Cleveland homers off Robin Roberts and Willie Kirkland connected with two on against Wes Stock in the Indians' four-run seventh inning.

Mudcat Grant yielded a two-run homer to Al Smith in Baltimore's eighth, then was lifted in a rhabarbar-ridden ninth. With one run in and the bases loaded, Bob Allen came on in relief and pitched two balls to Jim Gentile.

**FORCES IN RUN**  
Tebbetts then called in Ted Abernathy—despite the rule that says a reliever must finish pitching to at least one man—and Manager Billy Hitchcock of the Orioles protested.

Allen was recalled, walked Gentile and forced in a run, then Abernathy got the last out.

The Twins blew three leads before finally nailing down their victory over the White Sox, with Bernie Allen's double in the ninth inning deciding it.

Bill Dailey won his first in relief, even though his string of scoreless innings ended at 19 when Dave Nicholson hit his 13th homer in the eighth. Zoilo Versalles collected four of Minnesota's 16 hits.

## ALLOWS 3 HITS

Radatz limited the Tigers to three hits in 8 2/3 innings and extended his streak of shutout innings to 31 in a relief pitching duel with Terry Fox. The Red Sox finally got to Fox in the 15th when Malone homered after Chuck Schilling reached base on an error and Carl Yastrzemski walked. Stuart followed with another homer.

Diego Segui, starting for the A's for the first time in seven weeks, threw a seven-hitter in beating the Angels.

Optimist  
Rec League

Joe Dengler pitched a no-hit, no-run game as the Pirates blanked the Bullets 8-0 Tuesday evening.

The only Bullet batsmen to reach base was on a Pirate error.

The winners collected 10 hits with Starliner, Dengler and Carr rapping three each.

## Nuclear Test Talks May Mean Change In Cold War

By WILLIAM L. RYAN  
AP Special Correspondent

Soviet Premier Khrushchev's agreement to U. S.-British-Soviet talks on a nuclear test ban has vast implications. It may presage an entirely new phase of the cold war.

The timing of Khrushchev's decision looks like a studied slap at the Chinese Communists suggesting that division of the world Communists into two camps is already a fact.

The Soviet leader's appearance of conciliation toward the West will be treated with skeptical reserve in Washington. The talks may be just talks and little more. But there is another aspect.

### REAPPRAISAL

President Kennedy appears to be asking for a broad reappraisal, on both sides, of the whole cold war. There are indications that Khrushchev is willing to listen. To Khrushchev's proposals for peaceful coexistence the President responds with a proposal to "make the world safe for diversity."

Khrushchev appears to be gambling, putting a great deal on the line to show the world—and its Communists—that his way is the best one toward ultimate Red victory.

The test ban meeting in Moscow is set tentatively for July. That may mean Khrushchev has run out of patience with Peking's warlike Red dissidents.

### JULY MEETING

Another important Moscow meeting is scheduled for July, between representatives of the bellicose Chinese party and members of the Soviet Central Committee. They plan to discuss their deep conflict.

Kennedy, announcing the projected test ban talks, said man kind need not accept "the conclusion that war is inevitable."

The notably hopeful tone of the President's discussion of future East-West relations can only enrage the Red Chinese, who have been loudly scornful of Khrushchev's peaceful coexistence line and have called for the Soviet leader's head on that score.

Khrushchev will insist that the ideological war with the West will continue, and that communism will compete effectively with economic and political weapons. But that will hardly assuage Chinese feelings.

### CHINESE AROUSED

The Chinese categorically reject Khrushchev's idea that total war can be avoided. Peking and its allies insist that total war between the two world systems is inevitable. The Russians, with much more to lose than the have-not Chinese, say it's not so any more.

If the test ban talks take place, the chances of any curative effect from the Soviet-Chinese meeting on Communist differences will diminish.

There have been growing indications that the quarrel would not be settled. Indeed, there have been hints that the Russians were beginning to resign themselves to long-term division or even a final break with the Chinese.

The Russians have told the Chinese it depended on them whether the quarrel led to "destruction of the unity of the world movement." The Chinese have not seemed to budge an inch. Nor

## JETS, RAIDERS SIGN GRIDDERS

NEW YORK (AP)—The haven clubs of the American Football League plan to swoop on the cut-offs from the more affluent clubs of the AFL and the rival National Football League like hawks after a flock of pigeons.

Coach Weeb Ewbank of the New York Jets of the AFL said so after he plucked two rookies and the Oakland Raiders picked one veteran in the special league draft Tuesday to help the two weak clubs.

The Jets, formerly known as the Titans under the old management, took tackle Jeff Siabough of Indiana from Buffalo and end Gene Heeter of West Virginia from San Diego. The Raiders drafted Claude Gibson, a defensive half-back, from San Diego.

The rookies cost the Jets \$2,500 each plus any bonuses the players received. Gibson cost the Raiders \$7,500.

In the special draft set up to help the two clubs, each of the other six teams in the AFL was permitted to reserve 25 veterans and half their rookies and free agents before the Jets and Raiders were allowed to pick.

## Two White Men Are Shot In Cambridge, Md., Riot

CAMBRIDGE, Md. (AP)—Two white men were shot and at least four other persons were injured when a race riot erupted in this small Eastern Shore community late Tuesday night.

A tense racial situation flared into violence when a crowd of about 100 whites followed an equal number of Negro demonstrators back into the Negro section.

The Negroes had just finished their second march on the town's courthouse and jail protesting the sentencing of two teen-age Negro girls. The girls, who had been arrested several times for their participation in racial demonstrations, were committed to state reformatory Monday after they were adjudged delinquent.

### 3 FIRES BREAK OUT

A handful of city police tried to keep the two groups separated, but the whites swarmed across the street toward the marchers just as they reached the Negro section.

The fight had just started when shots were fired. One shotgun blast struck the two white men. Another slammed through the window of a second-floor apartment occupied by a white woman.

Three fires, one a general alarm blaze, broke out after fire bombs were tossed into business establishments operated by whites in the Negro section. Police found

homemade fire bombs fashioned from beer bottles filled with gasoline in two of these places.

RUSH POLICE

Col. Carey Jarman, state police superintendent, and Maj. George E. Davidson, Maryland field force commander rushed to this normally quiet town on the Choptank River at 1 a.m.

Davidson said he had canceled all state police leaves and had called in enough reserves to "sufficiently support the local authorities."

Jerome Shenton, 36, owner of an auto paint and fender shop, and George Bernard Todd, 42, a fire insurance adjuster, were struck by shotgun pellets as they sat in a car in front of Shenton's shop. Minutes before Shenton's shop was the target of a crude fire bomb. The men were treated at a hospital and released.

GENERAL ALARM

A general alarm fire in a grocery store operated by a white man finally was brought under control, although a mob of some 200 Negroes pelted firemen and state police with rocks, bricks and bottles before they were dispersed. A deputy sheriff fired his revolver into the air at the height of the disturbance and helmeted state police wielding riot sticks and assisted by K-9 dogs broke up the crowd.

When Napoleon occupied Cologne, his soldiers numbered houses as a billeting guide. The house of a Mulhens family drew 4711, and later the Mulhens developed a product they named 4711 eau de Cologne.

Just 100 years ago, the story goes a band of Scotsmen gathered at the Sanderson distillery in Leith to choose between 100 containers of different Scotch formulas. After sampling the contents of each and every barrel those on their feet chose Vat 69. And the name still sticks.

Other beverages favor numbers—all the way from 7-Up and V-8 vegetable juice to 7-Crown whisky and 5-Star Hennessy.

A few of the many other brand names based on numbers are Three-in-One oil, 5-Day Deodorant, 6-12 insect repellent, Eterna 21, and 2500 Design, which is office furniture made by All-Steel Equipment of Aurora, Ill.

And then there was a Faith 7—not a brand name but a capsule that Americans followed anxiously on its recent 22 orbits of the earth.

Generations grew up quite at home with 20-Mule Team Borax, just as any youngster today can tell a Boeing 707 from a DC1.

But many depositors still aren't reconciled to losing their names and becoming numbers at the bank. The IRS last is herding all income tax payers into the same faceless category as it caters to the electronic computer. And the AT&T stoutly ignores all protests against its dropping exchange names for lengthy strings of digits that stand for paying customers.

The origin of some of the numbers that business has made brand names goes far back in history as well as far from the market place.

For example, we are told that in the 1820s a Mr Brand was chef

## Buddhists Gather To Honor Monk

SAIGON, South Viet Nam (AP)—Milling crowds gathered in front of Buddhist pagodas today for memorial services for a monk who burned himself to death in protest against President Ngo Dinh Diem's religious policies.

Combat police in battle dress blockaded at least five pagodas, including the one where the monk's body lay. Monks said police granted permission for about 60 Buddhists at a time to enter the building to pay homage.

One pagoda defied a government ban and flew a giant five-colored Buddhist flag until police ordered it down.

There was no violence, however.

## Kennedy

(Continued From Page 1)

pose legislation that would:

1. Prohibit stores, hotels, restaurants and theaters from discriminating against Negroes.

2. Allow the federal government to take a more active part in court suits aimed at desegregating public schools.

3. Afford greater protection for Negroes' right to vote.

Acknowledging the new laws are not enough, Kennedy said, however, that in too many parts of the country wrongs are inflicted on Negroes because they have no remedies at law—and "unless the Congress acts, their only remedy is the street."

In Congress, leaders of both parties promised to put their shoulders to the wheel.

"I recognize that Congress has a responsibility in this field," said Senate Republican Leader Everett M. Dirksen, "and there should be some action in this session on effective civil rights legislation. To this end I will devote my best efforts."

Senate Democratic Leader Mike Mansfield predicted, "We'll have civil rights legislation at this session and it looks like we will be in session for the remainder of the year." House Speaker John W. McCormack, D-Mass., said the President's speech "would have great weight with the country as well as Congress."

But from a southern Democrat came warnings of filibuster and violence.

"If the President tries to enforce his legislative proposals I think it will mean violence," said Sen. Allen J. Ellender, D-La.

"The threat I just heard tonight that the Negroes will lie in the streets if there is a filibuster—which there will be—will mean a lot of bloodshed. I'm sorry this is what is in store—more violence, bloodshed without question."

And then there was a Faith 7—not a brand name but a capsule that Americans followed anxiously on its recent 22 orbits of the earth.

## Prominent Southern Negro Leader Is Shot To Death

JACKSON, Miss. (AP)—Medgar Evers, a prominent Southern Negro leader, was gunned down in the driveway of his home early today.

Evers, 37, who had been directing a massive civil disobedience campaign against racial discrimination in the Mississippi capital city, died 15 minutes later in University Medical Center.

Police launched a widespread search for his assassin.

Evers was shot as he stepped out of his car after returning home from an integration rally. The shooting occurred about 12:30 a.m.

The bullet struck Evers in the right side of his back, passed through his body, and smashed through a glass-paneled door in his house. The bullet was found on the floor of the kitchen.

Evers staggered to the kitchen door and collapsed. His wife rushed to the carport and became hysterical when she saw him.

Neighbors called police and an ambulance, then put Evers in his own station wagon and rushed him to the hospital.

Evers, a native of Decatur, Miss., had been Mississippi field secretary for the National Association for the Advancement of Colored People for the last nine years.

In addition to his wife, he leaves three children. The oldest, Darrell Kenyatta, 10, was named after African Mau Mau leader

Jomo Kenyatta.

In New York, Roy T. Wilkins, executive secretary of the NAACP, was shocked at the news of Evers' death.

Wilkins and Evers, along with Jackson Negro housewife Helen Wehler, had been arrested June 1 for picketing stores on Jackson's Capitol Street—the city's main downtown thoroughfare.

All three were charged with conspiring to restrain trade, a felony.

Evers had directed the anti-segregation campaign which led to more than 600 arrests in the past two weeks.

A muscular 6-footer, Evers in a recent interview discussed threats on his life and said: "If I die, it will be in a good cause. I've been fighting for America just as much as the soldiers in Viet Nam."

## UNIONS AGREE TO 5-DAY WAIT IN RAIL FIGHT

By W. B. RAGSDALE JR.

WASHINGTON (AP)—Rail operating unions agreed today to a five-day extension of the deadline in the railroad work rules dispute and decried the threat of a nationwide strike until next week.

The railroads had agreed Monday night to the extension which Secretary of Labor W. Willard Wirtz requested when it became apparent no settlement could be reached by the first deadline—midnight Wednesday night.

### STRIKE UNLIKELY

Actually, the agreement by the railroads made a strike unlikely, because they must take the initiative, by putting the disputed work rules into effect, before the five operating unions can react with a strike.

After consultations Monday night and a meeting early this morning, the unions sent the following telegram to Wirtz:

"Please be advised the labor organizations will cooperate."

They also advised the railroads their decision at the start of the talks this morning.

To speed the negotiations, today's session was limited to federal mediators, including Wirtz and his representatives, the railroads and the two unions immediately affected by the work rules issue: the AFL-CIO Brotherhood of Locomotive Firemen and Enginemen and the independent Brotherhood of Locomotive Engineers.

## A Lovelier You

By MARY SUE MILLER

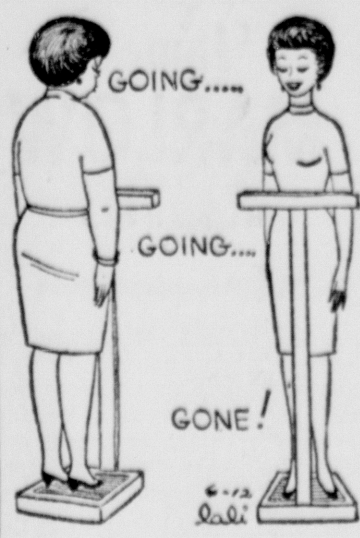

**TAKE-OFF TACTICS.** If you wish to lose weight, you have to cut calories. You know it, and there's no getting around it!

But another factor, equally vital to a successful outcome, escapes many reducers. It is simply this: How to cut down without self-torture. Knowing the answer makes dieting quite painless and that, of course, is what keeps you with it. You really could lose without a pang, if you used these tactics while calorie-cutting.

—Pin down the reason you want to lose. Is it for the sake of health, appearance or morale? Keep the reason in mind all the time, for that is the best means of fortifying your determination.

—Promise yourself a prize for losses. It can be anything that you have dreamed of doing or

wearing, if you had already been slim.

—Take these appetite-appealing shortcuts: Divide your calorie allotment near-equally among three meals; eat at regular hours; make a point of varied menus, attractively served; eat very slowly; make use of the foods packaged for dieters; keep the so-called "free foods" handy for snacks—bouillon, raw vegetables and sugar-free gelatin.

—Get enough exercise. Workouts burn up calories and insure satisfactory distribution of weight as losses occur.

—Give your skin and hair extra

## PENNSY WILL REMOVE TRAIN

WASHINGTON (AP) — The Pennsylvania Railroad has been given permission to discontinue passenger train No. 635 from Philadelphia to Harrisburg, Pa.

The Interstate Commerce Commission, which granted the request Monday, dismissed two similar requests, however, on a technicality.

and 39 from Philadelphia to Pittsburgh. In presenting the application to the Pennsylvania Public Utility Commission, the railroad proposed continuing service beyond Pittsburgh to Cleveland and treated the application as an interstate matter.

The ICC, however, ruled it involves only intrastate service and must go back to the PUC, which had earlier turned down all three requests.

In allowing discontinuance of No. 635, the commission said the train has been operated at a substantial loss and that Coatesville would be the only community left without reasonably adequate service.

### \$20,000 BILL

## Death Of Woman Is Ruled Murder

Her nude, mutilated body was found Sunday afternoon in a farm field in Patton Twp., about five miles north of State College.

She was identified Monday night by her husband, James, who had reported earlier that his wife was missing.

Centre County Coroner W. Robert Neff said following an autopsy Mrs. Sharkey died of "multiple stab wounds and massive hemorrhaging" in the chest area.

He estimated she was killed Saturday evening.

James  
MARLOW  
Reports

The Associated Press

WASHINGTON (AP)—President Kennedy's latest move to get Russian agreement on a nuclear test ban, unless he knows something he hasn't revealed, isn't much different from past efforts and probably won't accomplish any more.

Before he talked Monday in the bright sun at American University's commencement exercises, White House aides had given the speech a big buildup. They said it would be a major foreign policy statement.

They gave it an air of mystery by refusing to indicate beforehand what it was about. The talk, as it turned out, might be considered major. But, because of the history behind it, there was no need for the buildup.

## TWO ISSUES

Kennedy announced two things: (1) new discussions with Russia on a test ban would begin soon in Moscow; and (2) this country won't test in the atmosphere if others don't.

Discussions with the Russians on a test ban have been going on for five years with so many breaks and new starts they look like a travesty on the art of discussion.

But Kennedy said the new talks—which begin in mid-July—will be "looking toward early agreement on a comprehensive test ban."

Perth Lights Win

COLUMBUS, Ohio (AP)—An Australian student, Jeffrey G. Smith, will work toward a master's degree in civil engineering at Ohio State University because his home city of Perth turned on its lights to signal orbiting astronaut John Glenn.

Allis-Chalmers Manufacturing Co. of Milwaukee offered a scholarship through the International Road Federation to a highway engineering student in Perth in recognition of the city's flashing its lights during Glenn's space capsule passes in February.

Many things may be read into the way Kennedy made the announcement, and the nature of it. For instance, that the talks will (or won't) strengthen Premier Khrushchev's hand in his upcoming meeting with his Red Chinese critics.

## STUMBLING BLOCK

For the past five years the biggest stumbling block to a test ban agreement has been Moscow's refusal to permit foreign inspectors inside the Soviet Union to check against cheating in underground tests.

The United States has insisted on them, taking the position that while tests in the atmosphere are relatively easy to detect, there would be no certain way without inspection to distinguish between an earthquake and an underground nuclear blast.

## NOTHING HAPPENED

Early last January Khrushchev made a concession: he would agree to permit up to three on-site inspections inside the Soviet Union. Very quickly, as a gesture of good will, Kennedy suspended U.S. underground tests. That was

## Smokey Says:

Worth protecting!

last January.

But nothing happened. The United States wouldn't agree to less than seven inspections.

Last May 25 Kennedy was saying "we will know by the end of summer" whether there is any hope of agreement. Then on May 31 he and British Prime Minister Harold Macmillan wrote Khrushchev, proposing a new opening toward agreement.

Khrushchev agreed to a meeting next month between some of his people and representatives of Kennedy and Macmillan. And Kennedy, who made a goodwill gesture in January by suspending underground tests, made another. This time he has said the United States won't test in the atmosphere unless others do.

But all this is pretty much a replay of what Kennedy and Macmillan did last August to try to win Khrushchev over.

Says State Must Plan New  
Road Program To Get Aid

POCONO MANOR, Pa. (AP)—D. Grant Mickle, deputy highway administrator of the U. S. Bureau of Public Roads, says Pennsylvania's larger urban areas must plan "comprehensive, cooperative and continuing" highway programs if they want continued government aid.

Mickle, addressing the 57th annual meeting of the AAA-Pennsylvania Motor Federation Monday pointed out that the federal aid highway act of 1962 rules out federal assistance for urban areas with more than 50,000 population after July 1, 1965, unless their projects "are based on planning carried out cooperatively by states and local communities."

## "LARGE ORDER"

"This is a large order," Mickle said. "It is an entirely necessary one, if cities are to develop well and according to their desires in the future, and if highway and other public funds are not to be misspent or frittered away piecemeal."

Philadelphia and Pittsburgh have had extensive transportation planning studies under way for some time, he said.

He added that planning for the urban areas of Trenton, N. J., and Youngstown, Ohio, would also involve parts of Pennsylvania and require cooperation.

Listing other large urban areas

are the most successful full brothers in pacing, reports the Harness Racing Institute. By the end of 1962 the 5-year-old Irvin Paul had earned \$278,545 and Stephan Smith, six has amassed \$223,936.

in Pennsylvania, Mickle cited the Allentown-Easton-Bethlehem complex, Wilkes-Barre, Scranton, Harrisburg, Erie, Reading, York, Johnstown, Lancaster, and Altoona.

Mickle said the necessary transportation planning will be financed generally with federal aid highway funds and state highway funds, with local participation.

"It is also likely," he said, "that planning funds administered by the federal housing and home finance agency also will be used."

## TAX VALUE DROPS

FRANKFURT, Ky. (AP)—The tax valuation of whiskey stored in Kentucky warehouses has been cut from \$28 to \$27 per barrel.

Revenue Commissioner James Marcum said the whiskey market has weakened and the state wants to equalize whiskey assessments with other tangible property.

EXPLORERS,  
SCOUTS HOST  
BLIND BOYS

Twenty members of Explorer Post 84 and Boy Scout Troop 84 spent the weekend camping at Pardee Field on the Gettysburg Battlefield with an equal number of Scouts from Troop 103 of the Rorer-Greaves School for the Blind, Paoli.

The guest troop is the only troop of blind Scouts in the United States and this was the first time they had ever camped out without the aid of an adult partner.

The weekend, or 36 hours of camping, required more than a year in planning but all Scouts and leaders who had a hand in the planning, agreed that it was "a most rewarding effort; that the host Scouts took excellent care of their blind counterparts, who were paired by age and, in some cases, religion and that their togetherness in playing, eating, sleeping, hiking and just being sociable will long be remembered."

## CAMPFIRE HELD

The guest troop and their adult supervisors arrived at Pardee in a chartered bus with their own driver, and as they left the bus each member of Troop 103 was greeted by his buddy for the weekend and was assisted in unpacking. The campsite had been set up by the host group the previous evening. A box lunch prepared by the Rorer-Greaves School was enjoyed after which a bus tour of the Battlefield was scheduled. The blind boys were interested in touching the guns, the monuments, cannons and balls, and in hearing the guides tell the stories of the battle. Human interest and local color stories were told by local leaders.

A campfire was held on Saturday evening when parents and friends of the Littlestown Scouts were in attendance. Virgil H. Kaufman was master of ceremonies and song leader. He introduced E. K. Sowden Jr., Troop 103 Scoutmaster, who in turn introduced the adults in attendance for the weekend. They included Raymond H. LaRue, John Matthews, Carl Hughes, all Rotarians and troop committee members; T. F. Morelli, president of the Rotary Club of P-M-B, the sponsoring organization of the troop, and Mrs. Morelli; Lee Wetzel, assistant Scoutmaster; Carl F. Hedrich, Edward Howe, Joseph D. Moore, John Merchant, Douglas M. Spencer, John J. Goldenberg, Michael Stomack, W. H. Pierce and Dave Zorries, an intern at the hospital of the University of Pennsylvania.

## PLAQUE PRESENTED

Warren Pope, president of the Chester County Area Council, BSA, presented Scoutmaster Sowden with a plaque for his outstanding services in scouting.

Assistant Scoutmaster Victor Reynolds introduced the Littlestown men who were instrumental in making the preparations for the weekend: Scoutmaster Edgar A. Wolfe, assistant John R. Rudisill; institutional representative Luther D. Snyder; James Anthony of the Lions Club; Charles E. Ritter of the Rotary Club, the sponsoring organizations locally; Post Advisor Stanley M. Frock; associate advisors, Lee Krout and Robert Hahn; institutional representative, Howard Bowman; post committeemen, Charles E. Benner and Paul E. Altoff; Paul L. Hollinger, who is Black Walnut District camp and activities chairman. Mrs. Kathryn Hahn, who has worked with Cubs, Scouts and Explorers in the community, and her guest, Miss Hisako

Ronnie Benson, 14, of Provo, Utah, is placed on a stretcher at the Panguitch L.D.S. Hospital after he was driven from scene of tragedy in which 12 were killed. Benson was in party of 46 Boy Scouts and leaders in a truck that overturned on a steep grade near Hole-in-the-Rock, Utah. ## HOLD CHAPEL SERVICE

The program in addition to the group singing, included Lincoln's Gettysburg Address by Andy Rode of Troop 103; readings by Post Advisor Frock; humorous song, James Rohrbaugh, Troop 84; human interest stories concerning Gettysburg in 1863, Luther D. Snyder. The campfire concluded with the Scoutmaster's benediction after the name of each of the members of the guest troop was called and he responded with a verse from Scripture. The recitation of the Gettysburg Address and the Scripture verses was most edifying for all who witnessed the presentations.

Sunday morning at 10 o'clock a chapel service, held on the campside was as follows: invocation, Joseph Moore; hymn, "God Whose Name Is Love," Rorer-Greaves Scout Chorus; "Fair Lord Jesus," assemblage hymn; Scripture, Stephen Study, Post 84; the Twenty-Third Psalm, Andy Rode; a talk, "Remembering," Carl F. Hendrick; The Lord's Prayer, William Ritter; "Jacob's Ladder," the Rorer-Greaves Scout Chorus; "In the Garden," hymn by assembly; Benediction, James

Rohrbaugh, Troop 84. Song leader was Virgil Kaufman.

## LIST PAOLI SCOUTS

## Alabama's Segregation Wall Cracks When Two Negroes Enter School

By **RELMAN MORIN**  
TUSCALOOSA, Ala. (AP)—Segregation's wall around Alabama public schools cracked when two Negroes enrolled at a state university behind federalized National Guardsmen.

A stubborn Gov. George C. Wallace made his doorway stand against federal authority Tuesday.

The 43-year-old governor, grim and determined, stood off federal officials in the first meeting at the university. He read a proclamation to "denounce and forbid this illegal and unwarranted action by the central government."

The federal officials and the Negro students, Vivian Malone and James A. Hood, withdrew temporarily.

### MEETS GENERAL

A short time later, Wallace was confronted by Brig. Gen. Henry V. Graham, 47, assistant commander of the 31st Infantry Division of the National Guard.

The tall, militarily erect Graham, gray-haired and unbowed, saluted. The governor, his chin thrust forward but his face now bleak, waited.

"Graham said he had been commanded to ask Wallace to step aside."

Wallace, who had earlier been told by the President to give up his defiance, replied: "I wish to make a statement."

"But for the unwarranted federalization of the National Guard, I would be your commander in chief. In fact, I am your commander in chief."

"I know this is a bitter pill for you."

For the youthful governor it obviously was bitter defeat.

Wallace said again that Alabama's citizenry should refrain from violence, he denounced the

federal government's "trend to military dictatorship" and then almost angrily unhooked a microphone from around his neck, let it drop to the floor and left the doorway.

Applause, cheers and yells followed him as he rode away.

Then Hood, who plans to major in psychology and pursue a ministerial career after graduation, was escorted to the building.

The Negro youth walked inside quickly to register. He wore a dark suit and a dark straw hat.

Minutes later Miss Malone, wearing a pink summer dress, went inside. The slender young woman from Mobile plans to study business management.

Returning from registration, she and Hood talked briefly to newsmen.

"This is our first and final news conference," said Hood. "We are very happy our registration has taken place without incident. We hope to get down to our purpose—study."

Miss Malone agreed.

They bought textbooks under escort of federal marshals and then went to their dormitory rooms.

Wallace, who returned by airplane Tuesday night to Montgomery, the state capital, was met by 200 well-wishers and his mother, Mozelle Wallace.

Smiling and expressing surprise at the reception, Wallace said: "I think we are helping to wake this country up."

**SEAL CAMPUS**

He was asked if he plans to repeat his stand at the university center in Huntsville where another Negro, David McGlathery, plans to enroll Thursday.

"I don't want to make any further statement on that," Wallace said.

**Civil Rightists Picket Hospital**

NEW YORK (A) — A civil rights demonstration protesting against alleged discrimination in the construction trades developed into a brief skirmish today at the site of the new 300-bed Harlem Hospital.

Police pushed back about a dozen demonstrators with wooden barricades, keeping them from staging a sit-in.

The demonstration began at 6 a.m., sponsored by six organizations protesting against what they called discrimination against Negroes in employment.

Approximately 75 police were on

formation officer of the Justice Department, said the Guardsmen called into Tuscaloosa under federal orders were there to assist local officials.

Hundreds of state police sealed the campus last Friday.

Under these conditions, nearly 4,000 students registered Monday for the summer session. None of the white students created disorder during the confrontation between Wallace and federal officials.

## STATE SOLONS EYE JULY 31 ADJOURNMENT

By **THE ASSOCIATED PRESS**  
HARRISBURG (AP)—The General Assembly had its sights set today on final adjournment July 31.

House and Senate leaders planned accelerated work schedules in future weeks in an effort to meet the goal formally proposed Tuesday.

The two chambers meet today to move up nearly 100 bills cleared out of committees Tuesday. No final action on any major bill was planned in either house, however.

The Senate completed Tuesday legislative consideration of a bill setting up a new policy-making Board of Education, a keystone of the Scranton administration's education program. The measure now goes to the governor.

**NEW POLICY BOARD**

The 17-member board would replace the present nine-member Council of Education.

In addition, it would have component seven-member councils, one in the field of elementary and secondary education and the other for higher education.

The two councils, with three members-at-large, would meet to reach final decisions.

The state superintendent of public instruction, now the presiding officer of the council, would become chief executive officer of the new board, but without voting power.

The superintendent's role was the major difference between the two chambers. Originally, the Senate proposed that he be left out of the board operation; the House put him in.

The Senate concurred in the House change, 37-5, and sent the measure on to Gov. Scranton for final consideration.

Meanwhile, a resolution setting adjournment at Noon, EST, July 31 was introduced in the Senate and sent to the rules committee for initial action.

Majority Leader James S. Berger expressed the opinion there was a good chance the legislature will meet the deadline, despite the mountain of work still facing it.

**OTHER ISSUES**

Harness racing — A House-approved bill banning politicians and public employees earning more than \$6,000 annually from having financial interests in harness racing operations was approved in Senate committee.

PIDA — Senate committee approval also was given to an administration package, passed by the House, to expand industrial development assistance by including research and development corporations as authorized objects of loans and granting tax benefits for industrial expansion.

Constitution — A resolution asking for a limitation on the U.S. Supreme Court's intervention in matters concerning legislative reapportionment was approved by hand.

The demonstration was peaceful at first, but about 7:20 a.m. the dozen pickets attempted to get to one of the entrances to the hospital site and sit down.

Police converged on them.

The police used the barricades to push pickets away. Other police pushed pickets away with their bodies.

No injuries were reported and no one was arrested.

## COOL, DRY AIR STRIKES EAST

By **THE ASSOCIATED PRESS**  
Fairly cool and dry air covered much of the eastern half of the nation today, breaking a spell of unseasonably warm weather in many northern areas.

Hot and humid weather continued in much of the Deep South and a warming trend was reported in most of the western half of the country.

A tornado damaged several hours and other buildings Tuesday night in Athol, a village in north central Kansas. A series of thunderstorms spread from Salina eastward in the northern half of Kansas. No injuries were reported in the storm.

Strong winds and thunderstorms hit six south Georgia cities, causing damage to property and crops. A warehouse containing 1,500 bales of cotton was destroyed at Rebecca when hit by lightning. Hail damaged crops in Wilcox County.

**FRETS OVER LOW AVERAGE**

NEW YORK (AP)—The heavy load of responsibility has put a dead weight on Frank Robinson's bat.

The slumping Cincinnati Reds' "I'm the reason the club isn't up on top," the sensitive slugger said in self-censure. "What I do or don't do affects the others. I have to set the example. When I do well, the others follow me and they expect me to do well. When I don't, I feel I've let them down."

Not even the fact that he was leading the National League in runs batted in with 44, could ease Robinson's feelings.

"I'm not particularly proud of it," he said morosely. "I should have had at least 60 runs batted in by now. And I know I should be hitting 50 to 75 points higher."

Outfielder admitted today he was concerned about his unaccustomed 263 batting average but not half as much as he was over the belief that he was setting the club down.

The Reds combined five pitchers for a dozen hits Tuesday in an 8-3 triumph over the New York Mets but Robinson went hitless in five times a that, and was hitless in three at bats Monday night.

The House Rules Committee.

It was one of three so-called states' rights amendments being considered by state legislatures throughout the nation.

**DOMESTIC ANIMALS**

Cats and dogs—The Senate Law and Order Committee gave initial approval to a measure including cats and dogs under the definition of domestic animals. The Superior Court ruled earlier this year that these pets are not covered by the law protecting domestic animals.

Boating—A bill to set up a state boating board and to adopt licensing regulations in conformity with federal rules was approved by the Senate Forests and Waters Committee.

State colleges—The House Education Committee approved a bill raising state college faculty salaries and placing faculty members on a bi-weekly pay basis.

Project 70—An amendment to the state constitution authorizing a \$70 million bond issue to buy up land for conservation, recreation and historical purposes was approved by the House Judiciary Committee. The proposal may go before the voters in November if approved by the House. The Senate already passed it.

Gasoline fund—A revision in the formula for distribution of state gasoline tax money won tentative approval in the House. It would give urban areas a greater share of the \$37 million kitty, but faces an uphill fight to final passage.

Count on four pounds of corned beef, weight before cooking, serving eight when it is offered hot. If it is offered cold and sliced thin with a substantial salad you'll increase the servings.

## Young Soldier Admits He Stabbed Woman To Death

STATE COLLEGE, Pa. (AP)—Authorities arrested a 22-year-old soldier Tuesday and charged him with the murder of Mrs. Betty Sharkey, a 39-year-old Bellefonte R. D. woman whose body was found Sunday in a farm field near State College.

State police at the Rockview substation said the suspect, Spec-5 Dick Ahearn of Pleasant Gap, near Bellefonte, admitted the knife slaying.

He was charged before Bellefonte Justice of the Peace Louise Green and held without bail. He was confined in the Bellefonte City Jail overnight.

Ahearn was on a 30-day leave from Fort Polk, La., authorities said. He began his leave June 3, they said.

### USED PEN KNIFE

State police at Montoursville, upon the request of the local investigators, arrested Ahearn Tuesday while he was visiting relatives in Danville.

He admitted killing the woman with a pen knife during interrogation at the Rockview substation, state police said.

They said he could give no reason for the crime. He told them he had met the woman in a Bellefonte bar Saturday night.

They set the time of the crime at about 4 a.m.

### MUTILATED BODY

The mutilated and nude body of the woman, who lived at Coleville R. D. 1, Bellefonte, was found in a Patton Twp. farm field by a professor at Pennsylvania State University. The field is about five miles from State College.

Centre County Dist. Atty. Jack Harris said there were no visible signs of sexual assault.

The victim was found with her ship pulled down to her ankles. She was wearing one shoe at the time. Her other shoe and her blouse were found elsewhere in the field.

Mrs. Sharkey's identity was not positively established until Monday night when her husband, James, viewed the body. He had reported his wife missing earlier in the day.

The couple was married on Aug. 6, 1951. The husband is employed as a mechanic for a State College excavator. They had no children.

Private funeral services will be held at Wetzler Funeral Home in Bellefonte Thursday at 10 a.m.

## State Sanctions Bridge Building

HARRISBURG (AP)—Three bills were approved by the Senate Highways Committee Tuesday asking the Highways Department to construct bridges over the Mahoning Creek in Punxsutawney, the Schuylkill River in Reading and the Susquehanna River at Millersburg.

Fifteen other measures would add to the state highway system sections of roads in Lehigh, Mercer, Berks, Cambria, Fayette, Westmoreland, Indiana, Jefferson, Bradford, Bucks, Lycoming, York, Bedford and Centre Counties.

## PIPER SENDS SPRAY LETTER

Apple scab is well under control in most county orchards but codling moth larvae are entering apples and some adults are still present and laying eggs. County Agent Thomas O. Piper reports in a letter that accompanies instructions for the third cover spray for apples.

The same letter calls for the second cover spray on peaches and the third cover spray for sour cherries.

Piper's report on conditions in apple orchards continues: "Mites are present in small numbers in most orchards. Some red-banded leaf roller larvae are still feeding. Powdery mildew is still very active."

Piper said the second cover spray for peaches is important in the control of scab, powdery mildew, sooty mold and brown rot.

On the subject of cherries, Piper noted that this is the period when fruit rots and powdery mildew start to build up. Due to the dry weather, he said, leaf spot has been a minor problem but continued application of a fungicide is necessary to maintain control. The use of insecticides is
